Business Meeting Presenter										
Agenda tem Subject and Description Possible approval of a contract with AC Transit to design and construct a hydrogen bus fueling station at its Seminary Avenue location in Oakland, CA. Business Meeting approval is not required for the following types of contracts: Executive Director's signature is required in all cases. Contracts less than \$10k (Policy Committee's signature is also required) Amendment for a no-cost time extension. Must be first extension, less than one year and original contract less than \$100k. Contracts less than \$25k for Expert Witness in Energy Facility licensing cases and amendments. Purpose of Contract or Purpose of Amendment, if applicable The purpose of this agreement is to fund the design and construction of a hydrogen fueling station that will distribute low-carbon alternative fuel to buses that provide public transportation in the San Francisco Bay Area. This state-of-the-art fueling station will have a capacity of 360 Kg per day of hydrogen and is estimated to displace 175,000 gallons of diesel annually, and reduce approximately 600 metric tons of Greenhouse Gas emissions each year. California Environmental Quality Act (CEQA) Compliance 1. Is Contract considered a "Project" under CEQA? Yes: skip to question 2 Explain why contract is not considered a "Project": Contract will not cause direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment because If contract is considered a "Project" under CEQA: A contract Is exempt. (Draft NOE required) Statutory Exemption. List PRC and/or CCR section number: Categorical Exemption. List PRC and/or CCR section number: Common Sense Exemption. 14 CCR 15061 (b) (3) Explain reason why contract is exempt under the above section:				☐ Consent
